

PAPER COLLARS FOR STRAY CATS

Instructions

1. Print this sheet
2. Write your telephone number in the space provided and cut out the collar.
3. Attach a small piece of tape to one of the short edges so you are ready when the cat is within reach. **Don't cover the entire collar with tape** – the collar needs to tear off easily if it gets caught on something.
4. Ensure the fitted collar allows for 2 fingers to be placed between the collar and the cat's neck.
5. You may need to make a new collar if the first one comes off. If the cat returns and you haven't received any calls attach a new one.
6. If you get no response from the owner, and the collar has remained in place, please call Avid's Angels Cat Rescue on 07833 740133

I am concerned that this cat may be a stray.
Please contact me if this is your cat or you have
any information.
